- Backstitch the mouth, French Knots for the nose, satin stitch for the black eyes.

Notes!
The numbers represent the order in which the appliqué shapes are fused together.

▲ Use this grass between the Prince and Princess on the far right of the row.

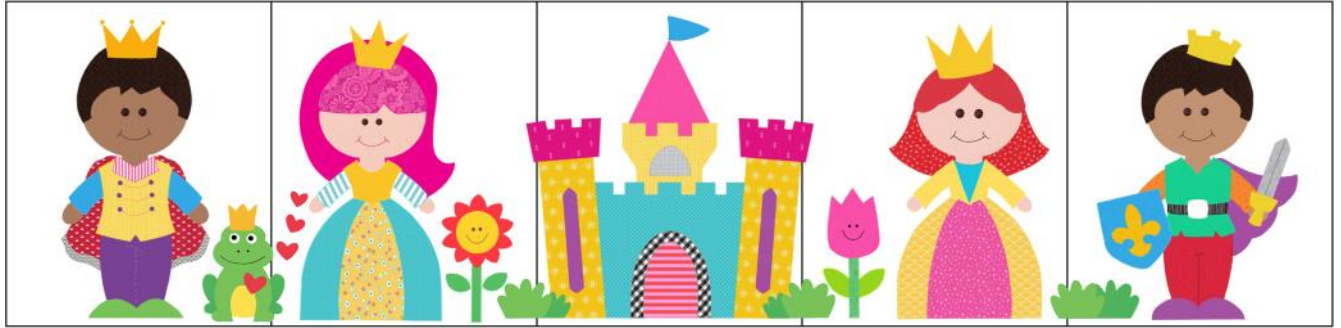

▲ Use this grass on each side of the castle.

Notes!

1. Use Diagram 1 as a guide to fuse the new applique shapes to Row 1 overlapping the seams where necessary. Stitch as before.

Further Notes!

- ★ Sometimes when appliqueing the background blocks will shrink a little—this is normal. If you have difficulty fitting the Frog Prince in the gap between the Prince and Princess try reducing the size of the template by 2% - 3%. You can do this in your print options. He should fit fine—he does for me—but I have no control over the fabric and fusible products you are using.
